<tbody>
<tr>
<td><strong>The Inventions In Production Had A Great Impact On The Economy</strong></td>
<td><strong>Increase Speed Of Trade Spurred Economic Growth</strong></td>
<td><strong>Transportation Developments Increased Competition Between Businesses</strong></td>
</tr>
</tbody>
</table>

**Key Terms (minimum 4 -5)**
- ✓ Cotton Gin
- ✓ Interchangeable Parts
- ✓ Eli Whitney
- ✓ Barbed Wire
- ✓ Sewing Machine
- ✓ Tractor
- ✓ Mechanized Agriculture
- ✓ Transcontinental Railroad
- ✓ Erie Canal
- ✓ Steam Boats
- ✓ Interstate Commerce Act
- ✓ Steam Engine
- ✓ Telephone
- ✓ Alexander Graham Bell
- ✓ New York Central Railroads Railroad
- ✓ Trusts
- ✓ Vertical Integration
- ✓ Horizontal Integration
- ✓ Standard Oil Company
- ✓ John D. Rockefeller
- ✓ Andrew Carnegie
- ✓ US Steel Industry
- ✓ Cornelius Vanderbilt
- ✓ Factory Centers in Northern Cities
- ✓ Triangle Factory Fire

Complex Split Thesis (use format below):

Even though the inventions in production had a great impact on the economy overall the developments in transportation greatly influenced economic growth in period from 1860 to 1900 as seen in the increase in the speed of trade that had spurred economic growth and how transportation developments increased competition between businesses.
Prompt:
Identify and analyze the factors that changed the American city in the second half of the nineteenth century.

Re-written as a Question:
What were the factors that changes the American city in the second half of the 19th century?

Argument:
(Include both position as well as extent)
There were many factors that changed American city in latter of 19th century.

<table>

</table>

**Key Terms** (minimum 4 -5)
- Transcontinental Railroads
- Farmers alliance
  - Grange alliance
- Farming Frontier
- Homestead Act
- Ranching and mining
  - Barbed wire
  - Better tech-mechanical reaper etc
- Union and Central Pacific

**Key Terms** (minimum 4 -5)
- Vertical/Horizontal Integration
  - Andrew Carnegie, John Rockefeller, and Henry Ford
  - monopolies
- Consumer Goods
  - Sears Roebuck
  - middle class
- Haymarket Square Riot
- Homestead Steel Strike
- Pullman Strike

**Key Terms** (minimum 4 -5)
- New/old Immigrants
  - Irish, Southern Europe and Eastern Europe, china etc.
  - Discrimination/nativism
- Ethnic Neighborhoods
- Tenements
  - Bad living conditions
- Ellis Island
- Urbanization
- Melting pot

Complex Split Thesis (use format below):
Even though there were significant changes that occurred outside of the urban areas, overall there were many factors that changed American Cities in the 19th century, as seen in the growth of industrialization and also the increase of peoples moving to the urban areas.
Unit 6: Forging an Industrial Nation and Politics in the Gilded Age
FRQ Outlines

Prompt: Evaluate the impact of the Civil War on political and economic developments in TWO of the following regions (1865 – 1900).
The South
The Northwest
The West

Re-written as a Question: to a large extent the civil war impacted the political and economic developments in the south and the Northwest

Argument:
(Include both position as well as extent)

<table>
<thead>
<tr>
<th>Area of Analysis #1:</th>
<th>Area of Analysis #2:</th>
<th>Area of Analysis #3:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Didn’t settle the status of Freedmen</td>
<td>Transformed America into an industrial nation</td>
<td>Established supremacy of Federal government over states</td>
</tr>
</tbody>
</table>

**Key Terms** (minimum 4 -5)
- Black codes
- kkk
- Segregation
- White supremacy
- Jim crow laws
- Lynching
- Plessey v. Ferguson
- Disenfranchisement of African American (grandfather clause, poll taxes)
- Laissez-faire and pro-business government policies
- Factories
- Growth of railroads-continental
- Urbanization
- New South- Henry Grady
- Migration of freed slaves to North
- Richmond- Tobasco
- Contract labor system
- 10th amendment
- Impeachment of Andrew Johnson
- Radical Republicans
- Homestead Act
- Civil Rights Cases
- Wade- Davis Bill
- Johnson’s Reconstruction plan
- Political dominance of the north
- Lincoln’s 10% plan
- Military reconstruction

Complex Split Thesis (use format below): Even though it didn’t settle the status of freedmen, the Civil War positively impacted the political and economic developments of the South and the Northwest to a large extent as seen in how it transformed America into an industrial nation, and the way it established the supremacy of the federal government.
Prompt: Analyze the ways in which state and federal legislation and judicial decisions, including those of the Supreme Court, affected the efforts of any TWO of the following groups to improve their position in society between 1880 and 1920.

African Americans  Farmers  Workers

Re-written as a Question: How did state and federal legislation and judicial decisions including those of the Supreme Court, affect efforts of farmers and workers?

Argument: The state and federal legislation and judicial decisions affected efforts of farmers and workers to a small extent.

(Include both position as well as extent)

- 14th Amendment
- Eugene v. Debs/In Re Debs

- National Grange
- Greenback Labor Party
- Farmer’s Alliance
- Populist Party
- Election of 1896
- McKinley
- Wabash v. Illinois
- James B. Weaver

Complex Split Thesis (use format below): Even though state and federal legislation and judicial legislation including those of the Supreme Court, helped workers improve the conditions of their workplace, overall the legislation affected the efforts of farmers and workers to a small extent as seen in the failure of the government’s response to the growth of monopolies and the lack of its response to the farmers’ political parties.
Unit 6: Forging an Industrial Nation and Politics in the Gilded Age
FRQ Outlines

Prompt: Explain how TWO of the following individuals responded to the economic and social problems created by industrialization during the late nineteenth and early twentieth centuries.
Jane Addams
Andrew Carnegie
Samuel Gompers
Upton Sinclair

Re-written as a Question: How did Andrew Carnegie and Upton Sinclair respond to the economic and social problems created by industrialization during the late nineteenth and early twentieth centuries?

Argument: The changes made by Andrew Carnegie and Upton Sinclair did benefit America
(Include both position as well as extent)

Standard Oil Company
Interchangeable Parts

Key Terms (minimum 4 -5)
Cultural Diversity
Melting Pot
New Immigrants
Old immigrants
Suburbs
Mechanization
Tenements
Scabs
The New South
Mechanization of Agriculture

Complex Split Thesis (use format below):
Even though the growth of transportation allowed people to remain in rural environments overall the primary causes were responsible for the population shift from rural to an urban environment between 1875 and 1925 to a large extent as seen in the Industrial Revolution opening new opportunities as well as the amount of immigrants moving to America.
Unit 6: Forging an Industrial Nation and Politics in the Gilded Age
FRQ Outlines

Prompt: Analyze the roles that women played in the Progressive Era reforms from the 1880s through 1920. Focus your essay on TWO of the following.
Politics
Social Conditions
Labor and working Conditions

Rewritten as a Question: What roles did women play in social conditions, and labor and working conditions during the Progressive Era reforms from the 1880s through 1920?

Argument:
Women played an important role to a great extent.
